

THE DIGITAL HEALTHCARE INFRASTRUCTURE STACK

Key Enabling Digital Healthcare Technology components can be usefully divided into a hierarchy of technology layers

CLINICAL APPLICATION

Patient Empowerment
Case Management
Telemedicine
Clinical Decision Making
ePrescribing

KNOWLEDGE

Machine Learning
Translational Insights
Personalization
Organizational Processes

EVALUATION & ANALYSIS

Artificial Intelligence (AI)
Population Insight
Longitudinal Perspective
Diagnostics
Prognostics & Research

DATA SECURITY

Blockchain
Encryption
Privacy

STORAGE & ACCESS

Cloud Storage
Big Data
Document Management
Portability

ORGANIZATION

Global Standards
Patient ID

TRANSMISSION

5G
Advanced Broadband

AQUISITION

Wearables
Genomics
Medication Compliance
